

ROHS COMPLIANCE DECLARATION

Arconic-Köfém Mill Products Hungary Kft hereby declares that the produced coils, sheets and circles from the following alloys are in compliance with the requirements of the European Union RoHS Directives:

RoHS 1 (*Directive 2002/95/EC*): was adopted by the European Union in 2003 and came into effect on July 1, 2006. It restricts the use of six hazardous substances—**lead, mercury, cadmium, hexavalent chromium, PBB, and PBDE**—in electrical and electronic equipment to protect human health and the environment.

RoHS 2 (*Directive 2011/65/EU*): adopted in 2011, significantly expanded the scope of the original directive by including new categories of electrical and electronic equipment (EEE), such as medical devices and industrial monitoring and control instruments.

RoHS 3 (*Directive 2015/863/EU*): effective from July 22, 2019, amended RoHS 2 by adding four phthalates (**DEHP, BBP, DBP, DIBP**) to the list of restricted substances, increasing the total to ten. It also extended the scope to include Category 11 products, covering all remaining electrical and electronic equipment not previously specified.

RoHS 1 DIRECTIVE 2002/95	RoHS 2 DIRECTIVE 2011/65	RoHS 3 DIRECTIVE 2015/863
Published January 27, 2003, restricting the use of certain hazardous substances in electrical and electronic equipment.	Published June 8, 2011, restricting the use of certain hazardous substances in all electrical and electronic equipment.	Published March 31, 2015, amending Annex II to Directive 2011/65 / EU of the European Parliament and of the Council as regards the list of substances subject to restrictions.
